

The SAS System
Florida Department Of Transportation
Notice To Contractors / Consultants:

The Department of Transportation is soliciting contracting and consulting services for the design/build projects identified below. Qualified consultants/contractors are encouraged to submit a letter of response, for each project in which they are interested, to the indicated requesting unit by 5:00 PM Eastern time on the date indicated as the Response Deadline.

For those projects designated as ADJUSTED SCORE TYPE, letters of interest are requested by the end of business on the date indicated below. The letters of interest will be limited to the page limit indicated below and will clearly indicate a name, address, phone number, and e-mail address for a contact person; the key companies and personnel proposed as participating in the project; and the prequalification status of the contractor and professional services team members. The Department will judge the relative ability of each submitting company to perform the required services based on pre-qualification information, past performance with the Department, and the letter of interest. At least three teams will be shortlisted from the received responses at the date specified below and the results of the shortlisting process will be posted on the Department's web site (www.dot.state.fl.us/procurement) at the indicated date and time. Public meeting dates and times are provide with new listed projects. All public meetings will be held in District headquarters unless otherwise noted. Changes to meeting dates and times will be updated under the Planned Projects link. The short listed firms will be provided a Request for Proposal(RFP) containing a design criteria package and requested to provide a technical proposal and price bid proposal for the project. The award of the project will be based on an adjusted score based on both the price and technical proposal score.

For those projects designated as LOW BID TYPE, bid proposals are requested by close of business on the date indicated in the advertisement. For these type projects, an RFP may be requested by any interested party at the response address provided below. The technical proposal of the low bidder will then be reviewed to determine its responsiveness. If found to be non-responsive, the next lowest bidder will be considered. A proposal will be considered non-responsive if it does not contain all of the information and level of detail requested in the RFP. All bid openings and public meetings will be held in district headquarters, unless otherwise noted. Changes to meeting dates and times will be updated under the Planned Projects link. The selection results will be posted on the Department's web site(www.dot.state.fl.us/procurement) at the indicated date and time.

Pursuant to Rule 14-25, Florida Administrative Code and Section 337.11, Florida Statutes, any person affected by a bid solicitation will file both a notice of protest and bond within 72 hours of the receipt of the bid documents, and will file a formal written protest within ten days after the filing of the letter of protest. The required notice of protest, bond, and formal protest must each be timely filed with the Florida Department of Transportation, Clerk of Agency
